

2020 Alabama History Institutes: Grades 10-12

Hear Her Roar: Celebrating 100 Years of Women's Suffrage

Lincoln Professional Development Center, Birmingham

June 23-25, 2020

Mandy Mathis, Muscle Shoals City Schools

From the birth of the United States, access to voting rights has been an issue, especially for women. Women fought long and hard to have their voices heard. Teachers will have the opportunity to learn the stories of these pioneering women through local historical sites, primary sources, and hands-on activities that will drive student learning. Teachers will be provided with strategies and resources to engage students in learning more about women's suffrage in Alabama and beyond. Join us in learning how to incorporate and celebrate the Centennial of the 19th Amendment in the classroom.
