## Digitization and Reproduction Orders

### FORMATS AND FEES

#### Digital Files

Image files include photographs, maps, and manuscripts. Most items are scanned at 600 PPI at original size, though photographic negatives are scanned at higher resolutions. Files will be delivered as JPEGs via Dropbox links unless otherwise requested in the **Special Instructions** section. (Specifications of audio and video files vary, but the highest quality available will be provided.)

For materials that have **not** been digitized, an hourly rate applies rather than a charge per file. The minimum cost for such requests is \$20. (Most requests for A/V materials that have not been digitized will be referred to a vendor.)
